

Share Your Skills

Have a skill or some experience that could help Facial Palsy UK? We'd love to hear from you.

Not every volunteering opportunity needs to fit into a set role. From time to time, we need people with particular skills, experience or expertise to help with projects or pieces of work.

You might have experience in:

- Photography, video or design
- Fundraising or events
- Marketing or communications
- Administration or data
- Research
- Digital or technology
- Training or education
- Another skill you think could help

Tell us a little about what you can offer, what you'd be interested in doing and how much time you might have available.

We can't guarantee that we'll have an opportunity straight away, but we'll get in touch if there's a suitable way for you to contribute.
